

# Reliable Tools for Clinical Labs

## BRANDplates® microplates

for cell culture, immunoassay & general use

- 8 different surface treatments
- Transparent, white, black, clear bottom and UV-transparent
- C, F, V and U-shaped wells
- Deep Well Plates
- Standard and low volume
- Barcoding on request
- Samples available

BRAND announces a comprehensive line of microplates for general, cell culture and immunology applications. The line includes plates with distinctive physical treatments that eliminate refrigeration and shelf-life concerns. All are SBS-formatted. Visit [www.brandtech.com](http://www.brandtech.com) for additional information

## The BVC family of fluid aspiration systems

The BVC family of fluid aspiration systems deliver compact and quiet solutions for cell culture work. They provide the flexibility to accommodate your decontamination protocol whether you autoclave or disinfect in the bottle.

BVC Professional

- Reliable: VACUUBRAND® pump\* for long service life
- Power & Control: Suitable for two users, with adjustable\* vacuum level
- Robust: "G" models designed for in-bottle bleach decontamination
- Safe: aerosol protection; models with contact-free level sensor available

\* Control and professional models

## Dispensette® III dispensers

The Standard in Bottletop Dispensers

- Rugged: no seals to wear out!
- Compatible with most reagents.
- Simple to clean & calibrate.
- SafetyPrime™ valve reduces splashing and helps conserve reagents.
- Autoclavable to 250°F (121°C).
- Adapters for common bottle threads included.
- Optional flexible discharge tube simplifies serial dispensing.
