High card

- **HandyStep® electronic** — Buy a *HandyStep® electronic* repeating pipette, get 3 boxes of PD-Tip™ syringe tips (non-sterile or BIO-CERT® pure) FREE!

One Pair

- **Transferpette® electronic pipette** — Buy 2 *Transferpette® electronic* pipettes (single or multichannel) get one single channel *Transferpette® electronic* FREE!

Two Pair

- **Transferpette® multichannel pipettes** — Buy 2 *Transferpette®* multichannel mechanical pipettes (classic or *S* style), get two FREE!
- **macro™** pipette controller — Buy 2 macros, get two macros FREE!

Three of a Kind

- **accu-jet® pro pipette controller** — Buy 3 *accu-jet® pros*, get one FREE!
- **Dispensette® dispensers** — Buy 3 *Dispensette®* dispensers, get one FREE!
- **Transferpette® S pipettes** — Buy 3 *Transferpette® S* single channel pipettes, get one FREE!

Full House

- **HandyStep® & PD-Tips™** — Buy \$400 worth of PD-Tip™ syringe tips and get a FREE *HandyStep®* repeating pipette.

Straight Flush

- **Transferpette® S pipettes** — Buy 5 *Transferpette® S* single channel pipettes, get a set of three FREE!

All-In!

- **Any BrandTech product** — Buy \$500 worth of BrandTech products get \$100 (list price) in BrandTech products FREE!

Wild card

- **FREE Lab Rat T-shirt** — With any BrandTech purchase over \$200!
- **VACUUBRAND® vacuum pump** — Buy a vacuum pump, get \$500* (list price) in BrandTech products for FREE! (*\$250 with purchase of Tyro12™)

Call our Bluff!

- **“Vacuum Pumps NOW”** — Buy one of our 5 top-selling vacuum pumps, get it shipped within one business day!

BrandTech Scientific — Your ACE in the RAT RACE!

Bottletop Dispensers & Burettes

Manual, Electronic & Repeating Pipettes

Pipette Controllers

Laboratory Vacuum

Life Science Plastics

Volumetric & General Lab Plastics

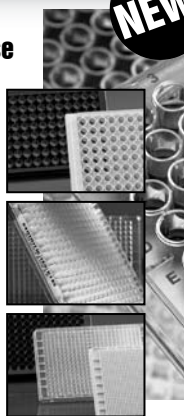

Stainless Support Jacks

BRAND[®] plates[®] microplates

for cell culture, immunoassay & general use

- 96-, 384- and 1536-well
- Non-treated & treated surfaces for immunoassay & cell culture
- Transparent, white, black, clear bottom and UV-transparent
- C, F, V and U-shaped wells
- Deep Well Plates
- Barcoding on request
- Physical treatments that eliminate refrigeration and shelf-life concerns
- Samples available

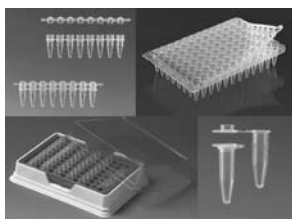

NEW!

BRAND Life Science Plastics

PCR* Tubes, Strips, Plates

- Individual tube, tube strips, cap strips and multi-well plates
- Autoclavable and RNase-, DNase-, and DNA-free
- Thin uniform walls ensure consistent precise thermal transfer

Microcentrifuge tubes

including BIO-CERT[®] pure: DNA-, RNase-, ATP- and endotoxin-free.

* The Polymerase Chain Reaction (PCR) is a patented process of Hoffman-La Roche. Use of the PCR process requires a license.

TPE mats

Innovative mats for 96-well plates are autoclavable, flexible and dramatically reduce sample evaporation.

BRAND HandyStep[®] electronic Repeating Pipette

- Motorized, push-button operation eliminates thumb fatigue
- Choose virtually any dispensing volume between 1µL and 50mL
- Instrument "learns" operator's dispensing rhythm without programming
- Compatible with most leading syringe tips, including dealer private label tips
- Automatically recognizes BRAND PD-Tip[™] syringe tips upon insertion
- **Mechanical HandyStep[®] also available!**

BRAND PD-Tip[™] Syringe Tips / Repeating Pipette Tips

- Manufactured from high-quality PP, HDPE and LCP plastics
- Encoded to be automatically recognized by the HandyStep[®] electronic and the Rainin AutoRep[™] E repeating pipettes. Compatible with the BRAND HandyStep[®], Eppendorf[®] Repeater[®], and other repeating pipettes using standard-sized tips

BRAND Titrette[®] Bottletop Burette

- Titrate with Class A precision
- Fully user serviceable
- Optional computer interface

The new BRAND Titrette[®] makes routine titrations faster, easier, smoother, and more accurate. The Titrette[®] avoids the risk of spills from poured transfers to glass burettes, eliminates meniscus reading errors and is the only bottletop burette to satisfy tolerances for Class A glass burettes.

The battery-powered instrument is well suited for general chemistry, water treatment applications, food/beverage analysis, and environmental work in the lab or field. Unit completely disassembles for easy cleaning or servicing. Models available with RS232 interface to eliminate transcription error.

VITLAB[®] PFA, Volumetric and General Lab Plastics

PFA Labware for Trace Analysis

Erlenmeyer Flasks

Light Shielding

NEW!

Class A & B Graduated Cylinders and Class A & B Volumetric Flasks with stoppers or screw caps

Details at www.brandtech.com or call for a catalog of our line of PFA, Volumetric & General Laboratory plastic products, including bottles, beakers, sample vials, funnels and scoops.

Beakers, Pitchers, Scoops, Funnel and more of various materials

Custom imprinting available
